2013 Classic Dry White (Vermentino)

Our Classic Dry White is made as the perfect aperitif or as an accompaniment to seafood and white meats including pork.

The fleshy grapes in the vineyard were reminiscent of pear, melon and citrus flavours prior to picking. And to capture the freshness we picked at the optimum balance between flavour ripeness and natural acid levels.

Our 2013 Classic Dry White was produced from our first mature vintage of the variety Vermentino. Vermetino is a native variety of Sardinia and Cosica and it becoming very popular in Australia. The wine has pear, peach and pineapple fruit bouquet while the flavour is of pears and peach.

Viticulture and Vinification

The 2013 vintage commenced with ideal winter rains, the best for many years. During veraison, the young Vermentino exhibited excellent evenness in ripening, providing an almost perfect balance between flavour ripeness and fresh acid retention. A key factor in the quality was the ideal sugar levels, flavour ripeness and freshness of the grapes at picking.

The grapes were crushed and pressed with a small amount of pressings added to the free run juice after being fined. The juice was then cold settled at 5C for 5 days and then racked off. Fermentation was at 12-14 Degrees C to retain the delicate fruit flavours.

The wine was then fined and bottled early to retain fruit flavour freshness.

Condo Wines

Condo Wines is a small family vineyard perched upon the ochre coloured cliffs overlooking the venerable Murray River at Swan Reach. The shared passion of the family is to produce wines that reflect a sense of fruit balance and elegance. Wines meant to be shared with food and friends.
